

# E-CQURITY

## MANAGE YOUR VULNERABILITY

### VIA Agent Details

#### Vulnerability Scanning

- External and internal assessments
- Automated scheduled scans
- Automated recurring scans
- Automatic target detection
- Multiple port scan methods
- Authentication scanning
- Additional CGI and XSS testing
- Test over 23000 vulnerabilities
- Database updated every 12-hours
- Configurable DoS testing
- Operating system fingerprinting
- Service and application fingerprinting
- Support for wireless networks
- Automated file sharing scanning
- Ability to fine-tune scan parameters
- Create Custom Reports
- Support for changing DHCP networks
- CVE, BugTraq, and OSVDB integration
- On-demand scanning
- Configurable network load throttling
- Local host and application-level testing
- Distributed scanning servers
- No hardware or software to purchase

#### Applicable Targets

- OS patch-level testing
- Application patch-level testing
- Windows registry testing
- UNIX package management testing
- Support for custom data sources
- Support for SMB and SSH local testing
- Firewalls, IDS, routers, and switches
- Servers, desktops, portable devices
- VPN networks and hosts
- Wireless networks and hosts
- Audit almost any network device
- Audit almost any TCP or UDP service
- Virtual host scanning
- Over 21000 vulnerability tests
- Detect over 2,000 devices & OSs

- Detect over 4,500 network services & applications
- Detect over 450 IP-based protocols
- External and internal assessments

#### Web Application Fuzzing

- Cross Site Scripting
- SQL Injection
- Code Execution
- Directory Traversal
- File Inclusion
- Buffer Overflow
- Source Code Disclosure
- PHP Code Injection
- XPATH Injection
- Cookie Manipulation
- Hidden Fields Manipulation
- URL Redirection

#### Regulatory and Standards Compliance

- PCI - Payment Card Industry
- HIPAA - Health Insurance Portability and Accountability Act
- SOX - Sarbanes-Oxley
- CVE - Common Vulnerabilities and Exposures
- GLBA - Gramm Leach Bliley Act
- FISMA - Federal Information Security Management Act
- ISO-9000 - International Standards Organization
- SAS-70 - Statement on Auditing Standards Number 70
- GISRA - Government Information Security Reform Act
- EU Data Protection Directive 95/46/EC
- Canada Personal Info Protection and Electronic Docs Act
- Japan Personal Information Protection Law
- and many more

#### Reporting and Management

- Centralized security management
- Differential reporting
- Network summary reporting
- Historical trend reporting
- Risk-factor reporting
- Custom report content and styles
- Generate new business leads
- Business and technical VA reports
- Web and email-based results overview
- HTML, CSV, and PDF report formats
- Support for custom host groups
- Real-time report editing
- Network mapping
- Resolution tracking and management
- Custom VA report
- Interactive management dashboard
- Result, host, and network searching
- Comparative analysis
- Generate documentation in real-time
- Integrated interface for all scan types
- Multiple authentication profiles
- All support and updates included
